

ARTISTS IN SCHOOLS

For schools holding an arts week or wanting their students to develop particular visual arts skills, The Base's 'Artists In Schools' will provide students with a with an inspiring experience tailored to them.

The Base work with some of the best local artists across a wide range of artistic fields. Many of our artists love to share their passion and skills with children of all ages through practical, hands-on workshops and collaborative projects.

Workshops include:
Clay, collage, mixed media, painting, sketching, screen printing, lino printing careers in the arts, murals and more. Artists can tailor workshops to your students needs or link to current topics.
