

THE BASE: ARTISTS IN SCHOOLS

Inspire your children, develop their love of visual arts and help support their mental wellbeing.

At The Base, we are lucky enough to work with some of the best local artists across a wide range of artistic fields. Many of our artists love to share their passion and skills with children through practical, hands-on workshops and collaborative projects.

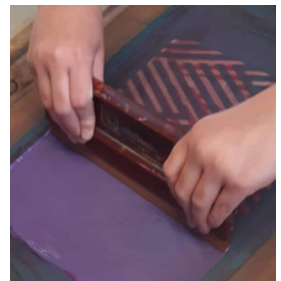

Artist workshops in your school can be tailored to your children and linked to an Arts Week or a topic that your classes are currently learning about.

Workshops can include:

Clay, collage, mixed media, painting, sketching, screen printing, lino printing careers in the arts and murals.

Prices from £410 per day

To find out more about having artist workshops in your school, contact Lorna Crowther, our **Community Engagement Coordinator** admin@thebasegreenham.co.uk (01635 582666).
